

- Type: Permanent, round, coloured pencils
- Lead: permanent, creamy lead, 3.8 diameter, maximum covering power, high pigment concentration for intense, bright colours
- Light resistance complies with the highest international standards for light resistance in coloured pencils: ASTM D6901

- Pencil: round, 8 ply, matt casing matches the colour of the lead, colour number and name indicated. The pencils wood casings are made of environmentally friendly California cedar.

	Colour Number	Colour	Lightfastness
	044	Terracotta	LFI
	068	Herculanum Red	LFI
	094	Hibiscus Pink	LFII
	115	Quinacridone Purple	LFII
	135	Bleu de Nimes	LFII
	140	Ultramarine	LFI
	212	Chromium Oxyde Green	LFI
	520	Medium Cadmium Yellow	LFI
	523	Indian Yellow	LFI
	533	Dark Cadmium Orange	LFII
	542	Light Flesh 10%	LFI
	575	Carmine Lake	LFII

	Colour Number	Colour	Lightfastness
	580	Anthraquinone Carmine	LFII
	581	Pink White	LFI
	583	Violet Pink	LFI
	639	Dark Indigo	LFI
	649	Indanthrone Blue	LFI
	671	Chrysocolla Blue	LFI
	713	Middle Verdigris	LFI
	745	Dark Flesh 40%	LFI

This standard specification establishes quality requirements for composition, performance, and labeling of artists' colored pencils. This specification also covers vehicles and additives. With LFI being the highest & LFII being the second highest.
