

- Type: Permanent, round, coloured pencils
- Lead: permanent, creamy lead, 3.8 diameter, maximum covering power, high pigment concentration for intense, bright colours
- Light resistance complies with the highest international standards for light resistance in coloured pencils: ASTM D6901

- Pencil: round, 8 ply, matt casing matches the colour of the lead, colour number and name indicated. The pencils wood casings are made of environmentally friendly California cedar.

	Colour Number	Colour	Lightfastness
	001	White	LFI
	009	Black	LFI
	030	Orange	LFI
	034	Yellow Ocher	LFI
	061	Permanent Red	LFI
	065	Russet	LFI
	069	Burnt Sienna	LFI
	112	Manganese Violet	LFI
	159	Prussian Blue	LFI
	162	Phthalocyanine Blue	LFI
	220	Grass Green	LFI
	240	Lemon Yellow	LFI
	470	Spring Green	LFI

	Colour Number	Colour	Lightfastness
	495	Slate Grey	LFI
	548	Raw Umber	LFI
	571	Anthraquinoid	LFI
	585	Perylene Brown	LFII
	661	Light Blue Cobalt	LFI
	739	Dark Sap Green	LFI
	820	Golden Bismuth Yellow	LFI

This standard specification establishes quality requirements for composition, performance, and labeling of artists' colored pencils. This specification also covers vehicles and additives. With LFI being the highest & LFII being the second highest.
