## DANIEL SMITH Walnut Ink

**DANIEL SMITH Walnut Ink** is a finely pigmented, sepia-colored, water-based ink made from walnut husks. It's great for all kinds of drawing, and works well with a dip pen or brush.

When used with calligraphy pens, our Walnut Ink gives a beautiful, transparent, warm tone to lettering.

## DANIEL SMITH Masking Fluid

**DANIEL SMITH Masking Fluid** makes an impervious barrier to preserve the white areas of your paper by blocking watercolor washes from flowing into areas you don't want it to.

Our Masking Fluid applies as an off-white color and dries to a transparent caramel color so you can see it while working, and still be unobtrusive while painting.
